A structural measure reflects the environment in which providers care for patients. Structural measures assess characteristics linked to the capacity of the provider to deliver quality healthcare. The Centers for Medicare & Medicaid Services (CMS) believes requesting structural measures information will encourage facilities to increase the use of tools, ultimately improving the quality of care provided to Medicare beneficiaries. For Inpatient Psychiatric Facility Quality Reporting participating providers, responses for all age groups for the measures' questions are required in order to fulfill the Annual Payment Update (APU) requirement. When your facility has no data for a field, please enter zero (0). Do not leave any field blank. **The Data Submission deadline for 4Q 2012 and 1Q 2013 data is August 23, 2013**.

Please follow the Joint Commission Specifications Manual for guidance on measures data collection, exclusions and population sampling. Send completed forms to the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program Support Contractor:

- via *My QualityNet* to the Global Exchange Group "Inpatient Psych QR Support Contractor";
- via secure FAX to Program Manager Telligen IPFQR Support (515)-558-5073, or
- via mail to:

  Telligen IPFQR Support
