ABOUT THE AHA-CC

The American Hospital Association Certification Center (AHA-CC) is a division of the American Hospital Association. Its mission is to create, facilitate and administer the health-care industry’s premier certification programs.

The AHA-CC Board of Directors is charged with governance of Certification Programs conducted by the AHA-CC. Board members are appointed to represent AHA’s professional Certification Program stakeholders. Members of the Board are listed on the inside front cover of this Handbook.

Each Certification Program in development or operation with the AHA-CC has a Certification Program Committee that serves as content expert, program resource, and consultant to the AHA-CC regarding program development, examination content, test development, test administration and evaluation. Members are appointed by the AHA-CC Board of Directors.

Members of the Certification Program Committee for the Certified Materials & Resource Professional (CMRP) Program are listed on the inside front cover of this Handbook.

ABOUT THIS CANDIDATE HANDBOOK

This Candidate Handbook provides information that is needed to apply for the **Certified Materials & Resource Professional (CMRP) Examination**. Keep this Handbook until after the examination is completed.

Additional copies of this Handbook may be obtained by:

- Downloading copy from www.aha.org/certification; or
- Contacting Applied Measurement Professionals, Inc. (AMP) at 913/895-4600.

CMRP CERTIFICATION

The purpose of CMRP certification is to promote healthcare materials and resource management through the certification of qualified individuals by:

- Recognizing formally those individuals who meet the eligibility requirements of the AHA-CC and pass the examination.

- Encouraging continued personal and professional growth in the practice of healthcare materials and resource management.
- Providing a national standard of requisite knowledge required for certification; thereby assisting employers, the public and members of the health professions in the assessment of a healthcare materials and resource manager.

TESTING AGENCY

The AHA-CC contracts with Applied Measurement Professionals, Inc. (AMP) to assist in the development, administration, scoring, score reporting and analysis of its CMRP Examination.

STATEMENT OF NONDISCRIMINATION

The AHA-CC does not discriminate among candidates on the basis of age, gender, race, color, religion, national origin, disability or marital status.

ABOUT AHA-CC EXAMINATIONS

The AHA-CC conducts certification examination programs for:

- Materials & Resource Professionals;
- Administrators of Volunteer Services;
- Healthcare Environmental Services Professionals;
- Healthcare Facility Managers; and
- Professionals in Healthcare Risk Management.

In addition, the AHA-CC provides contracted project management and quality assurance services to the American Organization of Nurse Executives in support of its certification programs for nurse executives and nurse managers.

Each certification examination is designed to test a well-defined body of knowledge representative of professional practice in the discipline. Successful completion of a certification examination verifies broad-based knowledge in the discipline being tested.

Certification examinations conducted by the AHA-CC are independent of each other. Each leads to a certification credential in a healthcare discipline. Content of each examination was defined by a role delineation study. The study involved surveying practitioners in the field to identify tasks that are performed routinely and considered important to competent practice. Each edition of a certification examination is developed through a combined effort of qualified subject-matter experts and testing professionals, who construct the examination in accordance with the Examination Content Outline.

ELIGIBILITY REQUIREMENTS

An individual who meets eligibility requirements and passes the CMRP Examination attains the Certified Materials & Resource Professional (CMRP) designation.

To be eligible for the Certified Materials & Resource Professional (CMRP) Examination, a candidate must fulfill one of the following requirements for education/work experience.

- Baccalaureate degree plus three (3) years of associated healthcare resource and materials management* experience.
- Associate degree or equivalent plus five (5) years of associated healthcare resource and materials management* experience.
- High school diploma or equivalent plus seven (7) years of associated healthcare resource and materials management* experience.

**Associated healthcare resource and materials management includes persons who are involved in the materials functions of healthcare facilities; or are active in the healthcare materials supply chain, including manufacturers, vendors, distributors, consultants and employees of group purchasing organizations.*

EXAMINATION CONTENT AND TIMING

The examination is composed of 110 multiple-choice questions. A candidate's score is based on 100 of these questions; 10 are "trial" or "pretest" questions that are interspersed throughout the examination. A candidate is allowed 2 hours in which to complete the examination.

The examination is based on six major content areas. Each content area is described by the list of tasks that follows the content heading in the Examination Content Outline. In addition, the number of examination questions devoted to each major content area is indicated.

Each question on the examination is also categorized by a cognitive level that a candidate would likely use to respond. These categories are:

- **Recall:** The ability to recall or recognize specific information;
- **Application:** The ability to comprehend, relate or apply knowledge to new or changing situations; and
- **Analysis:** The ability to analyze and synthesize information, determine solutions and/or evaluate the usefulness of a solution.

**● CERTIFIED MATERIALS & RESOURCE PROFESSIONAL (CMRP)
EXAMINATION CONTENT OUTLINE**

Questions			
RE	AP	AN	Total
5	15	5	25

1. Procurement/Product Value Analysis:

- A. Direct the program to purchase materials, supplies, and capital equipment being mindful of:
 - 1. specific patient needs (e.g., pediatric, geriatric, bariatric).
 - 2. green initiatives (Leadership in Energy and Environmental Design, (LEED)).
- B. Participate in the organization’s purchasing process, including:
 - 1. budgeting.
 - 2. purchasing.
 - 3. receiving.
 - 4. inventorying.
- C. Participate in the organization’s capital purchasing process, including:
 - 1. budgeting.
 - 2. evaluating/selecting.
 - 3. negotiating.
- D. Implement advanced purchasing and procurement techniques for:
 - 1. contract negotiation.
 - 2. competitive bidding.
 - 3. material use evaluation.
 - 4. comparative costing.
 - 5. product standardization.
- E. Evaluate purchase agreements for:
 - 1. product quality consistent with standards for patient care.
 - 2. lowest possible total procurement cost.
 - 3. cost protection for extended periods of time.
 - 4. cost increase ceilings.
 - 5. consignment agreements with competitive prices.
 - 6. stockless purchasing agreements.
- F. Develop systems and procedures that minimize the customer cost of ordering, storing, and using supplies, services, and equipment.
- G. Ensure that timely order placement, expediting and supplier performance analysis take place and are continuously reviewed for effectiveness.
- H. Direct audit activities, including the review of discrepancies, purchase orders, invoice price, payment terms, lost rebates, performance criteria, contract terms and conditions.
- I. Lead focus groups for review and analysis of products and supplier services.
- J. Prepare cost benefit analyses that support best product recommendations.
- K. Negotiate competitive pricing, terms, and service levels.
- L. Review contracts that optimize value to the organization considering standardization, utilization, and compliance.
- M. Develop supplier performance standards program to include the auditing and monitoring of:
 - 1. product quality.
 - 2. pricing.
 - 3. discounts.
 - 4. rebates.
 - 5. service charges.
 - 6. Invoicing.
 - 7. service levels.
 - 8. vendor competency.
- N. Develop supplier performance standards program to include the auditing and monitoring of The Joint Commission (TJC) standards for vendor tracking.
- O. Direct the value analysis process.
- P. Evaluate purchasing reports (e.g., cost savings, price index, order processing time, purchase order error rates, work load volume, freight expenditures).
- Q. Assure that catalogs, price lists, inventory records, purchase order files, and product/supplier files are updated and current.

(RE = Recall, AP = Application, AN = Analysis)

Questions

RE AP AN Totals

R.	Participate and provide support to materials management standardization, consolidation and/or re-engineering processes.				
S.	Interact with physicians and clinicians to coordinate and integrate products/services consistent with cost elements and quality management programs into existing departmental services by assisting with: <ol style="list-style-type: none"> 1. program development. 2. data collection and analysis. 3. implementation. 4. monitoring. 5. measurement and evaluation. 				
T.	Collect and analyze data relating to the therapeutic efficacy and cost effectiveness of products, equipment, and technology.				
U.	Coordinate service training for new products or equipment.				
V.	Provide consultation to departments requiring assistance in resource allocation.				
W.	Initiate and implement a product utilization review process.				
X.	Identify opportunities for reduction in resource consumption.				
Y.	Provide process review and physician resource analysis of various clinical applications.				
Z.	Adhere to a code of ethics to ensure corporate compliance.				
2.	Inventory Distribution Management:	8	12	0	20
A.	Assure that the organization's acquisition and distribution strategies and practices improve the overall healthcare system supply chain.				
B.	Develop strategies and procedures to integrate all resource functions of the overall healthcare system.				
C.	Manage the following inventory and distribution programs and strategies: <ol style="list-style-type: none"> 1. consignment strategy. 2. just-in-time strategy. 3. stockless strategy. 4. consolidation strategy. 5. Vendor Managed Inventory (VMI). 6. electronic point of use systems. 7. Periodic Automatic Replenishment (PAR). 8. electronic requisitions. 9. random requests and emergency requisitions. 10. back-orders. 				
D.	Monitor and determine causes of inventory variance, and implement corrective strategies.				
E.	Develop inventory reduction targets and process to achieve targets.				
F.	Determine effective space for storage (e.g., on-site vs. offsite).				
G.	Evaluate warehouse design factors related to: <ol style="list-style-type: none"> 1. flexibility (e.g., ease of expansion and contraction). 2. total, overall system rather than specific subsystems. 3. automation of materials management function. 4. back-up systems available. 				
H.	Monitor work flow for returned goods, product recalls and conversions, and arrange for pickup and/or exchanges.				
I.	Determine effective receiving process (e.g., centralized, decentralized).				
J.	Oversee distribution processes and accountability (e.g., accurate reporting of customer activity, discrepancies between receipts and supplier invoices).				
K.	Determine an appropriate data management system (e.g., tracking of packing slips and purchase orders, set-up of filing systems, computer systems and receiving logs).				
L.	Develop a Performance Improvement (PI) mechanism for monitoring performance of the receiving process.				
M.	Resolve customer concerns by providing a central point of access, and serve as a liaison to customer departments and suppliers.				
N.	Determine appropriate internal and external material transport devices and systems to use ((e.g., carts, pneumatic tube systems, automated guided vehicles (AGV)).				
O.	Review and evaluate distribution system performance.				
P.	Identify and calculate ratios for inventory management (e.g., inventory turn rates).				
Q.	Understand implications of regulations and logistics pertinent to delivery and conveyance of freight to affiliated healthcare facilities (e.g., third party delivery, cross-docking, and courier services).				

(RE = Recall, AP = Application, AN = Analysis)

Questions

RE	AP	AN	Totals
3	9	3	15

3. Information Systems and Data Management:

- A. Define functional requirements, specifications and interfaces for an automated materials management system.
- B. Assess existing Material Management Information System (MMIS) capabilities and gap analysis.
- C. Direct acquisition and implementation of an automated, system-wide materials management information system.
- D. Promote development of supply chain system standards.
- E. Apply supply chain data standards to organization MMIS (e.g., GLN, and GTIN).
- F. Employ ANSI X.12 EDI transaction sets.
- G. Establish guidelines and procedures in conjunction with MIS or external users for participation in the materials management system.
- H. Analyze and present data and analysis to task forces, departmental personnel, administration, and physicians.
- I. Collaborate with Information Technology and Health Information Management to facilitate records management storage, archival and retrieval including Health Insurance Portability and Accountability Act (HIPAA) compliance.
- J. Investigate software and hardware technologies integrating medical equipment data and the patient record (e.g., safety infusion pumps).

3	9	3	15
---	---	---	----

4. Finance:

- A. Review capital requests for compliance with standardization efforts and contract requirements.
- B. Ensure that the materials management system has comprehensive pricing information for instruments, supplies, and equipment for budgetary planning.
- C. Review and analyze supply expense and utilization trends to support both clinical and financial goals, and recommend appropriate budgetary adjustment.
- D. Prepare annual objective and budgetary recommendations including:
 - 1. analysis of budgetary data.
 - 2. coordination of departmental expenditures.
- E. Establish a purchasing and financial document retention and filing system in accordance with regulatory requirements.
- F. Manage non-labor budgetary expenses.
- G. Communicate with Accounts Payable to ensure the following best practices:
 - 1. Generally Accepted Accounting Principles (GAAP) adherence.
 - 2. invoice reconciliation.
 - 3. timely application of rebates and credits.
- H. Demonstrate knowledge of the impact that reimbursements have on the revenue cycle (e.g., capitation, diagnosis-related groups (DRG's), CMS, private payers, charity).
- I. Manage cost-saving programs, including:
 - 1. equipment maintenance.
 - 2. capital equipment selection.
 - 3. technology assessment.
 - 4. consumable product evaluation.
 - 5. procurement, inventory management, utilization, and selection of products and services.
- J. Develop an asset management program for:
 - 1. asset tracking.
 - 2. surplus/reallocation disposition.
- K. Apply standards from:
 - 1. Robinson-Patman Act.
 - 2. Uniform Commercial Code.
 - 3. Safe Harbor Regulations.
 - 4. Sarbanes-Oxley Act.

10	15	0	25
----	----	---	----

5. Strategic Planning, Leadership, and Compliance:

- A. Oversee tasks in cleaning and preventive maintenance to ensure a high level of sanitation and infection control.
- B. Manage policies and procedures for linen/laundry services.
- C. Manage hazardous waste disposal policies and procedures in accordance with regulatory requirements.
- D. Demonstrate knowledge of universal precaution guidelines.
- E. Integrate data findings of departmental performance into operational and strategic planning.
- F. Incorporate key principles of performance improvement in daily operation (e.g., customer driven, key player involvement, continuous improvement).

(RE = Recall, AP = Application, AN = Analysis)

Questions

RE AP AN Totals

- G. Participate in Performance Improvement (PI) efforts (e.g., benchmarking, analysis of process flow, operational needs assessment).
- H. Participate in Performance Improvement and Environment of Care Committees, Corporate Compliance, space planning and construction programs.
- I. Develop position descriptions and employee responsibilities.
- J. Develop department goals and objectives in concert with the organization’s mission and strategic plan.
- K. Manage staffing requirements and human resources issues (e.g., patient/customer focus, union compliance, staff training and development).
- L. Develop customer satisfaction plans, communication links, and measurement tools.
- M. Analyze market conditions and statistical data and interview suppliers and other sources to assist in the development of business plans and/or creation of new business ventures.
- N. Train employees regarding the procedures for product recall.
- O. Ensure compliance with legal, regulatory, guidance documents, and accreditation standards or codes to include:
 - 1. Environmental Protection Agency (EPA).
 - 2. Department of Transportation (DOT).
 - 3. Hazard Communication Standard (HCS) including Material Safety Data Sheet (MSDS).
 - 4. Association for the Advancement of Medical Instrumentation (AAMI).
 - 5. The Joint Commission (TJC).
 - 6. Health Insurance Portability and Accountability Act (HIPAA).
 - 7. Americans with Disabilities Act (ADA).
 - 8. National Fire Protection Association (NFPA).
 - 9. Occupational Safety and Health Administration (OSHA).
 - 10. Centers for Disease Control and Prevention (CDC).
 - 11. Centers for Medicare & Medicaid Services (CMS).
 - 12. National Incident Management System (NIMS).
 - 13. Hospital Emergency Incident Command Systems (HEICS).
- P. Participate with purchasing/materials management organizations, including GPO affiliations and local, state, and national purchasing/materials/sterile processing organizations (e.g., central sterile supply organizations).
- Q. Participate in supplier diversity procurement programs (e.g., Minority Business Enterprises (MBE) initiatives, women-owned businesses, small businesses).
- R. Ensure code compliance through inspections of specific areas (e.g., medical gasses).
- S. Comply with waste stream requirements including compliance with management of hazardous waste.
- T. Recognize the importance of MSDS and Employee Right to Know.
- U. Investigate vendor credentialing (e.g., OIG).
- V. Participate in emergency drills and training.
- W. Describe evacuation plans for the department/building.
- X. Describe primary components of the Emergency Preparedness Manual.
- Y. Coordinate emergency management with other healthcare facilities, suppliers and community partners.
- Z. Oversee the department’s safety and emergency preparedness programs:
 - 1. mass casualty or disaster response.
 - 2. hazardous material and waste.
 - 3. life/fire safety.
 - 4. medical equipment.
 - 5. safety.
 - 6. security.
- AA. Develop business continuity plans in case of supply chain disruption.
- BB. Evaluate general disaster drills and security.

● SAMPLE EXAMINATION QUESTIONS

1. The Joint Commission standards for Environment of Care® require that the Materials Management department have which of the following?
 - A. a cost reduction plan
 - B. a value analysis program
 - C. an employee development plan
 - D. an emergency management plan

2. When a capital requisition has been generated, a buyer needs to take which of the following criteria into account to determine the best method of procurement?
 - A. shortages in the industry
 - B. lease or purchase decision
 - C. whether an item is in stock
 - D. economic events in the industry

3. What does FOB destination mean?
 - A. The buyer pays all freight charges.
 - B. The seller pays all freight charges.
 - C. The seller retains ownership in transit.
 - D. The buyer retains ownership in transit.

4. A basic stock out ratio is calculated by dividing the
 - A. reorder point by the lead time.
 - B. average usage by the monthly receipts.
 - C. number of lines out by the number of lines ordered.
 - D. number of stock outs by the number of receipts.

5. To maximize return on investment for a new MMIS system, implementation processes should do which of the following?
 - A. Encourage and act on user feedback.
 - B. Utilize the system's "best practices."
 - C. Incorporate customization of the system as part of the overall plan.
 - D. Map business processes to system processes immediately after activation.

6. Which of the following is the LEAST effective strategy for a hospital surviving a prospective payment system?
 - A. laying off staff
 - B. increasing efficiencies
 - C. reducing budgetary costs
 - D. maximizing payment from contractual payers

7. A hospital is considering developing a sterile custom pack program. To help offset initial start-up costs, the hospital may market its services to smaller facilities within a 50-mile radius. The hospital's Materials Management department should consider which of the following before making this decision?
 1. a market review of other facilities to determine if there is interest
 2. a cost analysis of equipment, supplies, and labor needed for the venture
 3. a comparative analysis of in-sourcing and out-sourcing to determine cost benefit ratio
 4. a report stating how much expansion would be possible for the Materials Management department
 - A. 1, 2, and 3 only
 - B. 1, 2, and 4 only
 - C. 1, 3, and 4 only
 - D. 2, 3, and 4 only

ANSWER KEY	
1. D	5. B
2. B	6. D
3. C	7. A
4. C	

EXAMINATION PREPARATION

CONTENT

Candidates who have passed the CMRP Examination report that study should begin by reviewing the Examination Content Outline. Review the content categories and related tasks, identifying those tasks that are not performed regularly and are not familiar. Then, focus study on those unfamiliar tasks. Remember that all questions in the CMRP Examination are job-related and test application and analysis of information, not just recall of isolated facts.

SELF-ASSESSMENT EXAMINATION (SAE)

A Self-Assessment Examination (SAE) for the CMRP Examination is an online tool created by the AHA Certification Center to simulate the CMRP Examination.

The 100-question online practice examination was developed using the same procedures as the examination, and conforms to examination specifications in content, cognitive levels, format and difficulty. Feedback reports from the SAE provide an opportunity to evaluate and remedy less-than-desirable performance before taking the CMRP Examination.

For more information, visit the AHA-CC website at www.aha.org/certification.

OTHER STUDY RESOURCES

The AHA-CC recommends that review for the CMRP Examination focus on references and programs that cover the information summarized in the CMRP Examination Content Outline. It should not be inferred that questions in the examination are selected from any single reference or set of references or that study from specific references guarantees a passing score on the examination.

For information about references, study guides and study sessions offered by the Association for Healthcare Resource & Materials Management, visit www.ahrmm.org.

EXAMINATION FEES

A candidate must submit the appropriate fee with a complete examination application according to the following schedule. Payment may be made by credit card (VISA, MasterCard, American Express or Discover), company check, cashier's check or money order made **payable to AMP**. Cash and personal checks are **not** accepted. **Fees are nonrefundable**. The application may be transferred to a future examination date by requesting a rescheduling of testing.

Fee Schedule

Member of AHRMM or other AHA	
Personal Membership Group	\$275
Nonmember	\$425
Rescheduling Fee	\$100

Credit card transactions that are declined are subject to a \$25 handling fee. A certified check or money order for the amount due, including the handling fee, must be sent to AMP to cover declined credit card transactions.

EXAMINATION ADMINISTRATION

The CMRP Examination is administered on computer at AMP Assessment Centers and during special administrations. During a special administration, the examination may be offered on laptop or in paper-and-pencil format. The examination may also be administered outside of the U.S. on request and for an additional fee. Refer to the website of the AHA Certification Center at www.aha.org/certification for more information.

COMPUTER ADMINISTRATION AT AMP ASSESSMENT CENTERS

The primary mode of delivery of the CMRP Examination is via computer at over 170 AMP Assessment Centers geographically distributed throughout the United States. Assessment Centers are typically located in H&R Block offices. Assessment Center locations, detailed maps and directions are available from www.aha.org/certification by clicking on "CMRP" and then on "Testing Centers."

For computer administrations, there are no application deadlines. A candidate who meets eligibility requirements for the examination may submit an application and fee at any time. Ninety (90) days are allowed from confirmation of eligibility within which a candidate must make an appointment for testing and take the examination. The examination is administered by appointment only Monday through Saturday at 9:00 a.m. and 1:30 p.m. Candidates are scheduled on a first-come, first-served basis.

If AMP is contacted by 3:00 p.m. Central Time on...	Depending upon availability, the examination may be scheduled as early as...
Monday	Wednesday
Tuesday	Thursday
Wednesday	Friday/Saturday
Thursday	Monday
Friday	Tuesday

● **HOLIDAYS**

The examination is not offered on the following holidays.

New Year's Day
Martin Luther King, Jr. Day
Presidents' Day
Good Friday
Memorial Day
Independence Day (July 4)
Labor Day
Columbus Day
Veterans' Day
Thanksgiving Day (and the following Friday)
Christmas Eve Day
Christmas Day
New Year's Eve Day

● **SPECIAL ADMINISTRATION – LAPTOP OR PAPER-AND-PAPER**

On occasion, the CMRP Examination may be offered on laptop or in paper-and-pencil format during membership meetings. A candidate who meets eligibility requirements and submits an application and fee for receipt by the posted deadline is allowed to test. **Online application is not available for special administrations.** Dates of special administrations and deadlines for receipt of applications are posted on www.aha.org/certification.

● **INTERNATIONAL TESTING**

Candidates who are eligible for the CMRP Examination and wish to be tested outside of the U.S. may be accommodated for an additional fee. See www.aha.org/certification for a *Request for International Examination Administration* form. Click on "CMRP," and then on "Testing Centers."

● **SPECIAL ARRANGEMENTS FOR CANDIDATES WITH DISABILITIES**

The AHA-CC complies with the Americans with Disabilities Act and strives to ensure that no individual with a disability is deprived of the opportunity to take the examination solely by reason of that disability. Through its agents, the AHA-CC will provide reasonable accommodation for a candidate with a disability who requests accommodation.

Wheelchair access is available at all Assessment Centers. A candidate with a visual, sensory or physical disability that prevents taking the examination under standard conditions may request special accommodations and arrangements. For either a computer administration or a special administration, complete the *Request for Special Examination Accommodations* form included in this Handbook and submit it with an application and fee at least 45 days prior to the examination date desired.

● **TELECOMMUNICATION DEVICES FOR THE DEAF**

AMP is equipped with Telecommunication Devices for the Deaf (TDD) to assist deaf and hearing-impaired candidates. TDD calling is available 8:30 a.m. to 5:00 p.m. (CST) Monday-Friday at 913/895-4637. This TDD phone option is for individuals equipped with compatible TDD machinery.

● **ADHERING TO PROFESSIONAL STANDARDS OF CONDUCT**

The AHA Certification Center is responsible to its candidates, certificants, employers, the profession and the public for ensuring the integrity of all processes and products of its Certification Programs. As such, the AHA Certification Center requires adherence to these *Professional Standards of Conduct* by all who have achieved certification through successful completion of its programs.

Professional Standards of Conduct: A certificant who is awarded certification by the AHA Certification Center agrees to conduct himself/herself in an ethical and professional manner. This includes demonstrating practice-related behavior that is indicative of professional integrity. By accepting certification, the certificant agrees to:

- Maintain professional competence;
- Demonstrate work behavior that exemplifies ability to perform safely, competently and with good judgment;
- Conduct professional activities with honesty and integrity;
- Avoid discriminating against any individual based on age, gender, race, color, religion, national origin, disability or marital status;
- Avoid conflicts of interest;
- Abide by the laws, rules and regulations of duly authorized agencies regulating the profession; and
- Abide by rules and regulations governing programs conducted by the AHA Certification Center.

Infraction of these *Professional Standards of Conduct* is misconduct for which granting of a certification or renewal of a certification may be delayed or denied, or for which a certification may be revoked by the AHA Certification Center.

Reporting Violations: To protect the national credentials and to ensure responsible practice by its certificants, the AHA Certification Center depends upon its candidates and certificants, professionals, employers, regulatory agencies and the public to report incidents that may be in violation of these *Professional Standards of Conduct*. A certificant who has violated these *Standards* should voluntarily surrender his/her certification.

Written reports of infraction of these *Standards* may be sent to: President, AHA Certification Center, One North Franklin, Chicago, IL 60606. Only signed, written communication will be considered.

The AHA Certification Center will become involved only in matters that can be factually determined, and commits to handling any situation as fairly and expeditiously as possible. During its investigation and decision, the AHA Certification Center will protect the confidentiality of those who provide information to every possible extent. The named individual will be afforded every opportunity to respond in a professional and legally defensible manner, in accord with policies established by the AHA Certification Center.

A candidate's signature on an application for examination attests to adherence to *Professional Standards of Conduct*.

● **THE APPLICATION PROCESS**

There are two ways to apply for the CMRP Examination after eligibility requirements are satisfied. Documentation of eligibility does not need to be submitted with an application for the examination. The AHA-CC reserves the right to verify information supplied by or on behalf of a candidate. If selected for an audit, the candidate will be asked to submit documentation supporting eligibility.

1. **Online Application and Scheduling (for computer administrations at AMP Assessment Centers only):**

Complete the application and scheduling process in one online session by visiting www.aha.org/certification. Click on "CMRP," then click on "Online Application and Scheduling" and follow the online instructions.

To be eligible for the reduced CMRP Examination fee, click on "Member," then enter your membership number, name and address exactly as they appear in AHA's membership database. Your preferred mailing and email addresses designated in AHA's membership database will be used for all records and communications. For information on your membership record, please contact AHA's Member Service Center at 312/422-2765.

After the application information and payment using a credit card (VISA, MasterCard, American Express, Discover) have been submitted, eligibility is confirmed or denied and the candidate is prompted to schedule an examination appointment or supply additional eligibility information.

If special accommodations are being requested, please contact AMP at 913/895-4600 before scheduling an examination appointment.

OR

2. **Paper Application and Scheduling (for all administrations):** Complete and submit to AMP a paper application and appropriate fee (credit card, company check, cashier's check or money order). The candidate may complete the paper application included in this Handbook or obtained by:

- Downloading copy from www.aha.org/certification; or
- Contacting Applied Measurement Professionals, Inc. (AMP) at 913/895-4600.

To be eligible for the reduced CMRP Examination fee, enter your name, address and membership number exactly

as they appear in AHA's membership database. Your preferred mailing and email addresses designated in AHA's membership database will be used for all records and communications. For information on your membership record, please contact AHA's Member Service Center at 312/422-2765.

An application is considered complete only if all information requested is complete, legible and accurate; if the candidate is eligible for the examination; and if the appropriate fee accompanies the application. An application that is incomplete will be returned, along with any fee submitted minus a \$50 processing fee.

Required information includes:

- Personal Information;
- Selection of Examination Type. For a special domestic administration, enter the scheduled date. (Administration dates and deadline dates for applying are posted on www.aha.org/certification.);
- Indication of Eligibility for Examination;
- Indication of Application Status;
- Indication of the Membership Status and applicable Examination Fee. If requesting the member fee, enter the membership number; and
- Signature.

If special accommodations are being requested, complete the *Request for Special Examination Accommodations* form included in this Handbook and submit it to AMP at least 45 days prior to the desired testing date with the examination application and fee.

AMP processes the application and within approximately two weeks sends a confirmation notice by e-mail and postcard including a toll-free telephone number and website address to contact to schedule a testing appointment. Be prepared to confirm a location and a preferred date and time for testing and to provide your AHA Personal Membership Group member number as a unique identification number. If you are not a member of an AHA Personal Membership Group, please indicate that you are not a member and AMP will assign a unique sequential number.

If a confirmation notice is not received within 4 weeks, contact AMP at 913/895-4600. For a special administration, the confirmation notice reports the date, location and check-in time for the examination.

For a computer administration at an AMP Assessment Center, a candidate's application is valid for 90 days, during which the candidate must schedule an appointment to test on computer and take the examination. A candidate who fails to schedule an appointment within the 90-day period forfeits the application and all fees paid to take the examination. A complete application and examination fee are required to reapply for examination.

A candidate is allowed to take only the examination for which application is made and confirmation is received. Unscheduled candidates (walk-ins) are not tested.

● **RESCHEDULING OR CANCELING AN EXAMINATION**

Fees are nonrefundable. A candidate who is unable to test as scheduled may opt to reschedule.

- A candidate may reschedule the examination **once** at no charge by calling AMP at 888/519-9901 at least **2** business days prior to a scheduled administration. The following schedule applies.

If the examination is scheduled on...	AMP must be called by 3:00 p.m. Central Time to reschedule the examination by the previous...
Monday	Wednesday
Tuesday	Thursday
Wednesday	Friday
Thursday	Monday
Friday	Tuesday

- A candidate who wishes to reschedule a second time may reschedule by paying the \$100 rescheduling fee. A new application is not required. The examination must be rescheduled within 90 days of the date of the originally scheduled testing session. Please submit a written request including your name, address, identification number and payment to AMP. If you are paying by credit card please include the credit card number, expiration date and 3-digit security code found on the back of your credit card. A new application is not required.
- A candidate who does not reschedule an examination within the 90-day period forfeits the application and all fees paid to take the examination. A new, complete application and examination fee are required to reapply for examination.
- A candidate who cancels his/her examination after confirmation of eligibility is received forfeits the application and all fees paid to take the examination. A new, complete application and examination fee are required to reapply for examination.

● **ON THE DAY OF THE EXAMINATION**

● **REPORTING FOR THE EXAMINATION**

Remember to bring any confirmation notice provided by AMP. It contains a unique identification number required to test.

For a computer administration, report to the Assessment Center no later than the scheduled testing time. After entering the H&R Block office, follow the signs indicating AMP Assessment Center Check In.

For a special administration, report to the testing room at the time indicated on the confirmation notice. **The examination will begin after all scheduled candidates are checked-in and seated.** Follow the signs provided in the hotel/convention center to locate the testing room.

A candidate who arrives more than 15 minutes after the scheduled testing time is not admitted.

- A candidate who is not admitted due to late arrival has 90 days from the originally scheduled examination session to remit the \$100 rescheduling fee and schedule a new appointment for a computer administered examination at an AMP Assessment Center. A new application is not required.
- A candidate who does not reschedule an examination within the 90-day period forfeits the application and all fees paid to take the examination. A complete application and examination fee are required to reapply for examination.

● **SECURITY**

The AHA-CC and AMP maintain examination administration and security standards that are designed to assure that all candidates are provided the same opportunity to demonstrate their abilities. The testing environment is continuously monitored by audio and video surveillance equipment or examination personnel.

● **VERIFYING IDENTITY**

To gain admission to the Assessment Center or testing room, the candidate needs to present two forms of identification, one with a current photograph. Both forms of identification must be current and include the candidate's current name and signature. The candidate is required to sign a roster for verification of identity. **The candidate should bring the confirmation notice provided by AMP as it contains a unique identification number required to test.** If confirmation is not received 4 weeks prior to the examination, contact AMP at 913/895-4600.

Acceptable forms of photo identification include: a current driver's license with photograph, a current state identification card with photograph, a current passport, or a current military identification card with photograph. Employment ID cards, student ID cards and temporary identification cards are NOT acceptable as primary identification, but may be used as secondary identification. Secondary identification must be current and must verify the candidate's name and signature. **A candidate without proper identification is not permitted to test.**

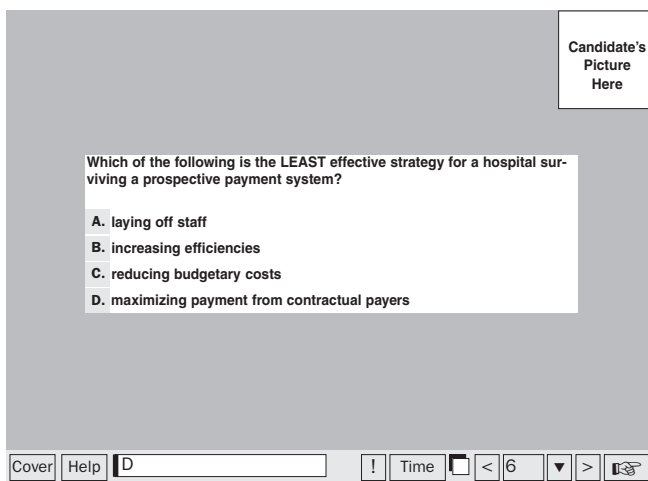

● **TAKING THE EXAMINATION**

After identity of the candidate has been verified, the candidate is directed to a testing carrel for a computer administration or an assigned seat for a special administration. Each candidate is provided one sheet of scratch paper that must be returned to the examination proctor at the completion of testing.

- For a paper-and-pencil administration, the candidate is provided oral and written instructions to guide the testing process.

- For a computer administration at an AMP Assessment Center or a laptop administration, the candidate is provided instructions on-screen. First, the candidate is instructed to enter his/her unique identification number. Then, the candidate's photograph is taken and remains on-screen throughout the examination session. Prior to attempting the examination, the candidate is provided a short tutorial on using the software to take the examination. Tutorial time is NOT counted as part of the 2 hours allowed for the examination. Only after a candidate is comfortable with the software, does the examination begin.

The following is a sample of what the computer screen looks like when a candidate is attempting the examination.

The computer monitors the time spent on the examination. The examination terminates at the 2-hour mark. Clicking on the "Time" button in the lower right portion of the screen or selecting the TIME key reveals a digital clock that indicates the time remaining. The time feature may also be turned off during the examination.

Only one examination question is presented at a time. The question number appears in the lower right portion of the screen. The entire examination question appears on-screen (stem and four options labeled A, B, C and D). Select an answer by either entering the letter of the option (A, B, C or D) or clicking on the option using the mouse. The letter of the selected option appears in the window in the lower left portion of the screen. To change an answer, enter a different option by pressing the A, B, C or D key or by clicking on the option using the mouse. An answer may be changed multiple times.

To move to the next question, click on the forward arrow (>) in the lower right corner of the screen or select the NEXT key. This action allows the candidate to move forward through the examination question by question. To review a question or questions, click the backward arrow (<) or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the testing session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the Time button. Click on the hand icon or press the NEXT key to advance to the next unanswered or bookmarked question on the examination. To identify all unanswered or bookmarked questions, repeatedly click on the hand icon or press the NEXT key. When the examination is completed, the number of examination questions answered is reported. If fewer than 110 questions were answered and time remains, return to the examination and answer the remaining questions.

Be sure to answer each examination question before ending the examination. **There is no penalty for guessing.**

● **CANDIDATE COMMENTS**

For a computer administration, comments may be provided for any question by clicking on the button displaying an exclamation point (!) to the left of the Time button. This opens a dialogue box where comments may be entered.

For a paper-and-pencil administration, comments may be provided on the answer sheet on the day of the examination.

Comments will be reviewed, but individual responses will not be provided.

● **INCLEMENT WEATHER OR EMERGENCY**

In the event of inclement weather or unforeseen emergencies on the day of examination, the AHA-CC, in concert with AMP, will determine whether circumstances warrant the cancellation, and subsequent rescheduling, of an examination. The examination usually proceeds as scheduled if testing personnel are able to conduct business.

Every attempt is made to administer an examination as scheduled; however, should an examination be canceled, the scheduled candidate will receive notification following the examination regarding a rescheduled examination date or reapplication procedures. In the case of cancellation, no additional fee is required to test.

For computer administrations at AMP Assessment Centers, candidates may visit AMP's website at www.goAMP.com prior to the examination to determine if any Assessment Centers have been closed.

In the event of a personal emergency on the day of examination, a candidate may request consideration of rescheduling the examination without additional fee by contacting the AHA-CC in writing within 30 days of the scheduled testing session. A description of the emergency and supporting documentation are required. Rescheduling without additional fee will be considered on a case-by-case basis.

● **RULES FOR EXAMINATION**

1. No personal items (other than keys, wallets and items required for medical or personal needs), books, papers, calculators, computers, dictionaries or other reference materials may be taken into the testing room. No valuables or weapons should be brought to the testing room. AMP is not responsible for items left in the reception room.
2. Possession of a cellular phone or other electronic devices is strictly prohibited and will result in dismissal from the examination.
3. No personal pens, pencils or other writing instruments are allowed in the testing room. Pencils will be provided during check-in.
4. Examinations are proprietary. No cameras, notes, tape recorders, Personal Digital Assistants (PDAs), pagers or cellular phones are allowed in the testing room.
5. No eating, drinking or smoking is permitted in the testing room.
6. No documents or memoranda of any kind are to be taken from the testing room. Each candidate will be provided one sheet of scratch paper that must be returned to the supervisor at the completion of testing.
7. No questions concerning the content of the examination may be asked during the examination.
8. Permission from the examination proctor is required to leave the testing room during the examination. No additional time is granted to compensate for time lost.
9. No guests, visitors or family members are allowed in the testing room or reception areas.
10. A candidate may be dismissed from the examination for misconduct. Specific examples of misconduct follow.
 - The candidate's admission to the examination is unauthorized.
 - The candidate creates a disturbance, is abusive or otherwise uncooperative.
 - The candidate talks or participates in conversation with other examination candidates.
 - The candidate uses outside notes, references or unauthorized aids.
 - The candidate gives or receives help or is suspected of doing so.
 - The candidate attempts to remove examination materials or notes from the testing room.
 - The candidate attempts to take the examination for someone else.

Violation of any of the above provisions results in dismissal from the examination session. The candidate's score on the examination is voided and examination fees are not refunded. Evidence of misconduct is reviewed by the Appeal Board of the AHA-CC to determine whether the candidate will be allowed to reapply for examination. If re-examination is granted, a complete application and examination fee are required to reapply.

● **COPYRIGHTED EXAMINATION QUESTIONS**

All examination questions are the copyrighted property of the AHA-CC. It is forbidden under federal copyright law to copy, reproduce, record, distribute or display these examination questions by any means, in whole or in part. Doing so may result in severe civil and criminal penalties.

● **FAILING TO REPORT FOR THE EXAMINATION**

- A candidate who fails to report for an examination has 90 days from the originally scheduled testing session to remit the \$100 rescheduling fee and contact AMP to schedule a new appointment for examination. Please submit a written request including your name, address, identification number and payment to AMP. If you are paying by credit card please include the credit card number, expiration date and 3-digit security code found on the back of your credit card. A new application is not required.
- A candidate who does not reschedule an examination within the 90-day period forfeits the application and all fees paid to take the examination. A complete application and examination fee are required to reapply for examination.

● **FOLLOWING THE EXAMINATION**

- A candidate who takes the examination in paper-and-pencil format receives his/her score report by mail approximately five weeks after the examination.
- A candidate who takes the examination on computer at an AMP Assessment Center or on laptop receives his/her score report before leaving the testing facility.

Score reports are issued by AMP, on behalf of the AHA-CC. Recognition of certification and additional information related to renewing the certification are issued from the AHA-CC within 6 weeks after testing.

● **SCORING THE EXAMINATION**

Scores are reported in written form only, in person or by U.S. mail. Scores are not reported over the telephone, by electronic mail or by facsimile.

The score report indicates a "Pass" or "Fail." Raw score on the total examination determines Pass/Fail status. Additional detail is provided in the form of raw scores by major categories of the Examination Content Outline. A raw score is the number of questions answered correctly. Even though the examination consists of 110 questions, the score is based on 100 questions. Ten (10) questions are "pretest" questions and do not affect the candidate's score. The minimum passing score for the examination is posted on www.aha.org/certification. Click on "Frequently Asked Questions" to view examination statistics.

The methodology used to set the initial minimum passing score is the Angoff method, in which expert judges estimate the passing probability of each question on the examination. These ratings are averaged to determine the preliminary minimum passing score (i.e., the number of correctly answered questions required to pass the examination). This method takes into account the difficulty of the examination. The preliminary minimum passing score is validated by the performance of candidates. The passing standard is applied consistently across all candidates who take the same form of the examination.

When new forms of the examination are introduced, a certain number of examination questions in the various content areas are replaced by new examination questions. These changes may cause one form of the examination to be slightly easier or harder than another form. To adjust for these differences in difficulty, a procedure called “equating” is used. For equated examinations that have different passing scores, the equating process helps ensure that the levels of examinee knowledge are equivalent on the various examination forms.

● **PASSING THE EXAMINATION**

A candidate who passes the CMRP Examination is awarded the Certified Materials & Resource Professional (CMRP) credential. The AHA-CC, in concert with the professional membership society, reserves the right to recognize publicly any candidate who has successfully completed the CMRP Examination. Recognition is awarded so as not to embarrass any candidate who is unsuccessful in an attempt to achieve certification.

Name, address, telephone number and email address of a candidate who passes the Examination will be shared with the professional membership society. Scores are never reported. If you do NOT wish to have your personal information shared, please opt out by contacting Kim Williams, AHA-CC, program specialist, at kwilliams@aha.org or 312/422-3711.

● **FAILING THE EXAMINATION**

If the examination is not passed, a shortened reapplication form is provided at the bottom of the score report.

- To schedule another examination, a candidate may reapply by using the online application and scheduling feature on www.aha.org/certification or by submitting the reapplication form and the examination fee within 90 days following the failed examination.
- A candidate who applies for re-examination after 90 days following the failed examination must submit the full application and examination fee.

There is no limit to the number of times an individual may take the CMRP Examination.

● **SCORES CANCELED BY THE AHA-CC**

The AHA-CC and AMP are responsible for the integrity of the scores reported. On occasion, occurrences, such as computer malfunction or misconduct by a candidate, may cause a score to be suspect. The AHA-CC is committed to rectifying such discrepancies as expeditiously as possible. The AHA-CC may void examination results if, upon investigation, violation of CMRP regulations is discovered.

● **CONFIDENTIALITY**

Information about a candidate for testing or renewal of certification and examination results are considered confidential; however, the AHA-CC reserves the right to use information supplied by or on behalf of a candidate in the conduct of research. Studies and reports concerning candidates contain no information identifiable with any candidate, unless authorized by the candidate.

Demographic information about a candidate is shared only in cases where the candidate may benefit. Scores are never reported to anyone other than the candidate, unless the candidate directs such a request in writing.

● **DUPLICATE SCORE REPORT**

A candidate may purchase additional copies of the score report at a cost of \$25 per copy. The request must be submitted to AMP, in writing, within 12 months after the examination; and must include the candidate’s name, unique identification number, mailing address, telephone number, date of examination and examination taken. Submit this information with the required fee payable to AMP. The duplicate score report will be mailed within 3 weeks after receipt of the request.

● **NAME AND ADDRESS CHANGE**

If you move or change your name after obtaining certification, please notify Kim Williams, AHA-CC program specialist, at kwilliams@aha.org or 312/422-3711. Please provide a valid email address. Communication from the AHA-CC is primarily by email.

● **RENEWAL OF CERTIFICATION**

Attaining certification is an indication of mastery of a well-defined body of knowledge at a point in time. Periodic renewal of the certification is required to maintain certified status. Initial certification or renewal of certification is valid for three (3) years.

A certificant may renew the CMRP credential through one of two routes:

1. Successful re-examination; or
2. Documentation of 45 contact hours of continuing professional education over the 3-year period and payment of the renewal fee.

NOTE: Please check the AHA website (www.aha.org/certification) for current renewal forms and fees.

Details of renewing the certification are provided to candidates who pass the examination in a certification package sent by the AHA-CC. A copy of the CMRP Renewal Application is also available from www.aha.org/certification.

A certificant receives multiple notices of pending expiration from the AHA-CC, provided that a current e-mail address is on file with the AHA-CC.

● **FAILING TO RENEW**

A certificant who fails to renew his/her certification is no longer considered certified and may not use the CMRP credential in professional communications, such as on letterhead, stationery and business cards, in directory listings and in signature. To regain certification, the individual must retake and pass the CMRP Examination.

● **APPEALS**

A candidate who believes he/she was unjustly denied eligibility for examination, who challenges results of an examination or who believes he/she was unjustly denied renewal of certification may request reconsideration of the decision by submitting a written appeal to the AHA Certification Center, One North Franklin, Chicago, IL 60606. The candidate for certification or renewal of certification must provide convincing evidence that a severe disadvantage was afforded the candidate during processing of an application for examination or renewal of certification or prior to or during administration of an examination. The appeal must be made within 45 days of receipt of a score report or any other official correspondence related to certification or renewal of certification from the AHA-CC or its agents. The written appeal must also indicate the specific relief requested. The appealing candidate is required to submit a \$100 fee with the written appeal. The fee will be refunded to the candidate if deemed justified through action of the Appeal Board.

Additional regulations related to the appeal mechanism may be obtained from the AHA Certification Center.

CHECK LIST

- Read the CMRP Candidate Handbook.
- Apply for the examination by mailing or faxing a complete application to the AMP address provided. Remember to include the examination fee, sign the application, and submit both pages of the application. When confirmation of eligibility is received from AMP, make an appointment to take the examination. OR
- Apply for the examination and schedule an appointment to test on computer at an AMP Assessment Center in one online session by visiting www.aha.org/certification. Click on "CMRP," then on "Online Application and Scheduling" and follow the online instructions.
- Appear on time for the examination on the date, and at the time and location selected. Remember to bring the confirmation notice provided by AMP and identification as described in this Handbook.
- Good luck on attaining the CMRP credential.

AMERICAN HOSPITAL ASSOCIATION CERTIFICATION CENTER CERTIFIED MATERIALS & RESOURCE PROFESSIONAL (CMRP)

EXAMINATION APPLICATION

To apply for the CMRP Examination, complete this application and return it with the examination fee to:

Applied Measurement Professionals, Inc., AHA-CC Examination, 18000 W. 105th Street, Olathe, KS 66061-7543, FAX: 913/895-4651

PERSONAL INFORMATION

AHRMM or other AHA Personal Membership Group Member Number

I am not a member of an AHA Personal Membership Group

Name (Last, First, Middle Initial, Former Name) (Please enter names as you wish them to appear on your certificate.)

Name of Facility/Company

Title

Preferred Mailing Address (Street Address, City, State/Province, Zip/Postal Code, Country)

Daytime Telephone Number

Preferred E-mail Address

EXAMINATION TYPE

- I am applying for a computer administration at an AMP Assessment Center.
- I am applying for a special domestic administration. (See www.aha.org/certification for scheduled dates.) Scheduled date: _____
- I am applying for an international administration. (See www.aha.org/certification for Request for International Examination Administration form.)

ELIGIBILITY REQUIREMENTS

To be eligible for the Certified Materials & Resource Professional (CMRP) Examination, a candidate must fulfill one of the following requirements for education/work experience.

- Baccalaureate degree plus three (3) years of associated healthcare resource and materials management* experience.
- Associate degree or equivalent plus five (5) years of associated healthcare resource and materials management* experience.
- High school diploma or equivalent plus seven (7) years of associated healthcare resource and materials management* experience.

**Associated healthcare resource and materials management includes persons who are involved in the materials functions of healthcare facilities; or are active in the healthcare materials supply chain, including manufacturers, vendors, distributors, consultants and employees of group purchasing organizations.*

APPLICATION STATUS

- I am applying as a new candidate.
- I am applying as a reapplicant.
- I am applying for renewal of certification.

MEMBERSHIP STATUS

To be eligible for the reduced CMRP Examination fee, a candidate must be a current member of AHRMM or other AHA Personal Membership Group. (For information on joining the Association for Resource & Materials Management (AHRMM), visit www.ahrmm.org.) Membership must be obtained before application for examination at the reduced fee can be honored. If you have applied for membership but have not yet received your membership number, enter NEW in the space provided for membership number.

Enter your Membership Number: _____

EXAMINATION FEE

Payment may be made by credit card, company check, cashier's check or money order made payable to AMP.

- Member of AHRMM or other AHA Personal Membership Group: . . . \$275
- Nonmember: \$425

If payment is made by credit card, complete the following:

- VISA MasterCard American Express Discover

Credit Card Number

Expiration Date

Your Name as it Appears on the Card

Signature

SPECIAL ACCOMMODATIONS

Do you require special disability related accommodations during testing? No Yes

If yes, please complete the *Request for Special Examination Accommodations* form included with this Handbook and submit it with an application and fee at least 45 days prior to the desired testing date.

DEMOGRAPHIC INFORMATION

The following demographic information is requested.

1. How many years of experience do you have in resource and materials management?
 - 0-5 years
 - 6-10 years
 - 11-15 years
 - 16-20 years
 - 21-25 years
 - 26-30 years
 - More than 30 years
2. How many years have you worked in associated healthcare resource and materials management?
 - 0-5 years
 - 6-10 years
 - 11-15 years
 - 16-20 years
 - 21-25 years
 - 26-30 years
 - More than 30 years
3. What is the highest academic level you have attained?
 - High school diploma or equivalent
 - Some College
 - Associate degree
 - Baccalaureate degree
 - Master's degree
 - Doctoral degree
4. What is your level of responsibility?
 - Vice President/Director (responsible for multiple departments)
 - Director/Manager (responsible for a single department)
 - Manager/Supervisor/Coordinator (responsible for areas within the department)
 - Other: _____

SIGNATURE

I certify that I have read all portions of the CMRP Candidate Handbook and agree to abide by regulations contained therein. I certify that the information I have submitted in this application is complete and correct to the best of my knowledge and belief. I understand that, if the information I have submitted is found to be incomplete or inaccurate, my application may be rejected or my examination results may be delayed or voided.
