

# HEALING

**Thank you, Congress for signing the Salazar/Roberts and J. Lewis/Weller letters. Keep fighting to stop cuts to hospital care.**

America's hospitals are there for us, we need to be there for them. Especially now that the Administration and CMS are trying to impose \$25 billion in cuts that threaten vital hospital services. 268 House members and 63 Senators signed a letter to stop the cuts. Congress understands the potential harm to patients. Why doesn't CMS?

**Keep up the pressure.  
Tell the Administration: Stop the CMS cuts to hospital care.**
