

## Section for Health Care Systems 2013 Regional Policy Board Representatives

Nine Regional Policy Board (RPBs) meet three times a year to foster communication between the AHA, its members, and state hospital associations. The RPBs provide input on public policy issues considered by the Board of Trustees, serve as ad hoc policy development committee when appropriate, and identify needs unique to a region and assist in developing programs to meet those needs. The following individuals were nominated by the Health Care Systems governing council to serve on a respective RPB and approved by the AHA Board of Trustees.
