

# National Hospital Week – May 10-16

Every Day.  
Every Way.  
Everywhere.

Hospitals are Advancing  
Health in America.

Your hospital is there for you when you need it.

But we're not waiting for you to come to us.

We're going beyond the four walls of the  
hospital to improve health in our communities.

We're always **H**ere.

America's Hospitals:  
Advancing Health in America.

American Hospital  
Association®

PAID FOR BY AMERICAN HOSPITAL ASSOCIATION

## Mentoring

Local hospital staff serve as mentors to high school students from vulnerable neighborhoods, helping provide communication and presentation skills to assist career readiness.

## Surgeries

From routine procedures to major operations, each week America's hospitals perform 525,000 surgeries.

## Farmers Markets

Local hospitals host farmers markets featuring locally-grown fresh fruits and vegetables, helping patients make healthy eating choices.

## Emergency Care

America's hospitals are always here. Each week we provide emergency care to 2.5 million Americans.

## Encouraging Good Decisions by Teens

Air and ground EMS work with hospital staff to demonstrate for teens the effects of drunk driving accidents, promoting positive and potentially life-saving decisions.

## Deliveries

We're here from the very beginning. Each week America's hospitals deliver 75,000 babies.

## Low-Cost Physicals in Schools

Local hospital staff provides low-cost physical exams for athletes at local high schools.
