

HSHS St. Joseph's Hospital

Chippewa Falls, Wis.

Chippewa Health Improvement Partnership

CHIP identifies health needs and priorities from which collaborative activities are created to help improve the health status and quality of life of our community.

Accomplishments include:

- Family Health Center – Chippewa Dental providing dental care to 200 patients daily in need
- County-wide food audits resulting in enhanced access to and awareness of food availability
- Partner in the formation of the Open Door Clinic providing free medical care
- Developed Chippewa County resource website
- Lead effort in getting cardiac defibrillators for community facilities.
