AHA Advocacy Action Center Mobile App

The AHA Advocacy Action Center mobile app will make it easier for you to engage with your federal lawmakers on key issues important to hospitals and health systems. When you download the app, you will be able to:

- Find key contact information for your legislators and their staff.
- View, download and share AHA resources on legislative and regulatory priorities.
- Receive the latest updates and alerts on issues under consideration by Congress that could impact your hospital.
- Email your representative and senators about important legislation and issues affecting hospitals.

How to Download the App:

- iPad and iPhone Devices: Connect to the App Store on your device and search “AHA Action Center”
- Android Phones: Connect to Google Play on your device and search “AHA Action Center”

Once you download the App, you will have to enter an email and password in order to open the App. ***Please use the email address and password you use to access materials on www.aha.org.***

App Name:
“AHA Action Center”
