Disseminate your innovative ideas and solutions and connect with forward-thinking health care professionals from the front lines at this year’s premier event to promote teamwork and communication in the health care environment.

More than 600 clinical, quality and other operational health care leaders will gather June 20-22 in San Diego to explore how TeamSTEPPS® can be used as the meeting point where different interdisciplinary groups from diverse health care settings come together. Better teamwork and communication between these groups can lead to more comprehensive care coordination.

The meeting provides an unparalleled opportunity for you to showcase your organization, and your commitment to the important work of communication, quality and coordination in health care. A variety of sponsorship opportunities are available.
