**STATEMENT ON HHS SECRETARY KATHLEEN SEBELIUS AND  
OMB DIRECTOR SYLVIA MATHEWS BURWELL**

**RICH UMBDENSTOCK  
AHA PRESIDENT AND CEO**

**April 11, 2014**

The AHA applauds Kathleen Sebelius's commitment to improving health care and expanding access to care for all. Her work to extend coverage to millions of Americans will be part of her legacy. While shepherding through some of the biggest changes in health care, Sebelius always had an open door and listened to hospital leaders on issues affecting the field.

We look forward to working with Office of Management and Budget Director Sylvia Mathews Burwell to advance better health for the patients and communities we serve.
