One patient. One health record.

Allina Health has one of the most comprehensive electronic health record systems in the nation. This helps us give patients seamless, coordinated and more informed care. It also improves patient safety.

Allina Health offers you a free online account to help you take care of your health when it is most convenient for you. With your Allina Health account you can securely access portions of your interactive health record (MyChart), receive better communication, get faster answers to questions, as well as wellness tools to help you live the life you want. Community health improvement

We're finding out from residents in the communities we serve how we can help make better health a reality for everyone. As a result, we're working with our communities to:

- encourage physical activity
- support healthful eating
- maintain a balanced life
