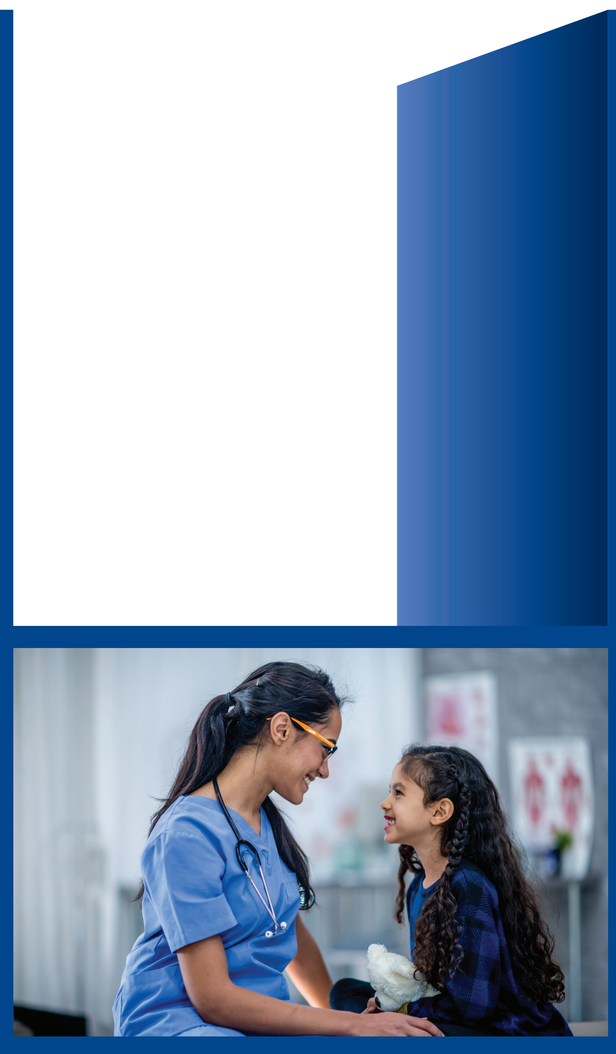
Every Day. Every Way. Everywhere.

Thank you to the **6.2 million** women and men of America's hospitals and health systems who are always there ready to care.



NATIONAL HOSPITAL WEEK

May 12-18, 2019

Your hospital is there for you when you need it. But we're not waiting for you to come to us. We're going beyond the four walls of the hospital to improve health in our communities.

We're always Here.
