FINISHED INTELLIGENCE REPORTS

ASD's ACSC, CISA, FBI, NSA, and International Partners Release Guidance on Principles of OT Cybersecurity for Critical Infrastructure Organizations

TLP:WHITE

Oct 02, 2024

On October 1, 2024, the Australian Signals Directorate's Australian Cyber Security Centre (ASD's ACSC), in partnership with CISA, the U.S. government, and other international partners, released the guide Principles of Operational Technology Cybersecurity.

This guidance provides critical information on creating and maintaining a safe, secure operational technology (OT) environment.

For more information, please read the attached report.
