

AHA Team Training

Improving a Culture of Safety through Teamwork and Communication: TeamSTEPPS Implementation Stories from the Field

August 20, 2025

AHA CENTER FOR HEALTH

INNOVATION

Rules of Engagement

- Audio for the webinar can be accessed in two ways: 1) through your computer speakers or 2) dialing in by phone – *listen only mode*
- Q&A session will be held at the end of the presentation
 - Written questions are encouraged throughout the presentation
 - To submit a question, type it into the Chat Area and send it at any time
- Other notable Zoom features:
 - This session is being recorded, the chat will not be included in the recording
 - Utilize the chat throughout the webinar. To chat everyone, make sure your chat reflects the picture below:

Continuing Education Credit

To receive 1.0 CE credit hour for this webinar, you must:

- **Create a Duke OneLink account.** You only need to create an account once – you may use it for all future webinars. Instructions will be chatted in and/or you may find them in your registration confirmation email.
 - Step 1: Register for a OneLink account
 - Step 2: Activate your account and ***confirm your mobile number***
- **Text DUQBES to (919) 213-8033 after 1:00 pm ET today – 24-hour window**

In support of improving patient care, the Duke University Health System Department of Clinical Education and Professional Development is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME), to provide continuing education for the health care team.

Today's Presenters

Lauren Schiff
*Associate Chief Medical
Officer of Quality & Safety
UNC Medical Center*

Cristie Dangerfield
*Patient Safety Officer
UNC Medical Center*

Terry Dillman
*Chief Nursing Officer
Northwell Health, Plainview
Hospital, Syosset Hospital*

Denise Mazzapica
*Clinical Program Manager
Institute for Nursing,
Northwell Health*

Objectives

Showcase TeamSTEPPS as the framework to improve teamwork and communication to impact patient safety culture, aligned with the AHA's Patient Safety Initiative.

Highlight successful TeamSTEPPS implementations at UNC Hospitals and Northwell Health, demonstrating improvements in the culture of safety through data and storytelling.

Introduce AHA Team Training's offerings—including member resources, regional trainings, and customized Advisory Services—to showcase how organizations can enhance teamwork and patient safety.

Imagine...

A strong culture of safety embedded throughout your organization.

Achieving excellence in patient safety and clinician resilience – despite workforce challenges.

Transforming a group of experts into a truly expert team.

The Problem...

Failure to **communicate clearly**, establish a **shared mental model** and consistently follow policy were the leading causes for reported sentinel events in 2024

(Joint Commission, 2024)

42% of nurses and **33%** of doctors are planning to leave their jobs by 2026

(Elsevier, 2023)

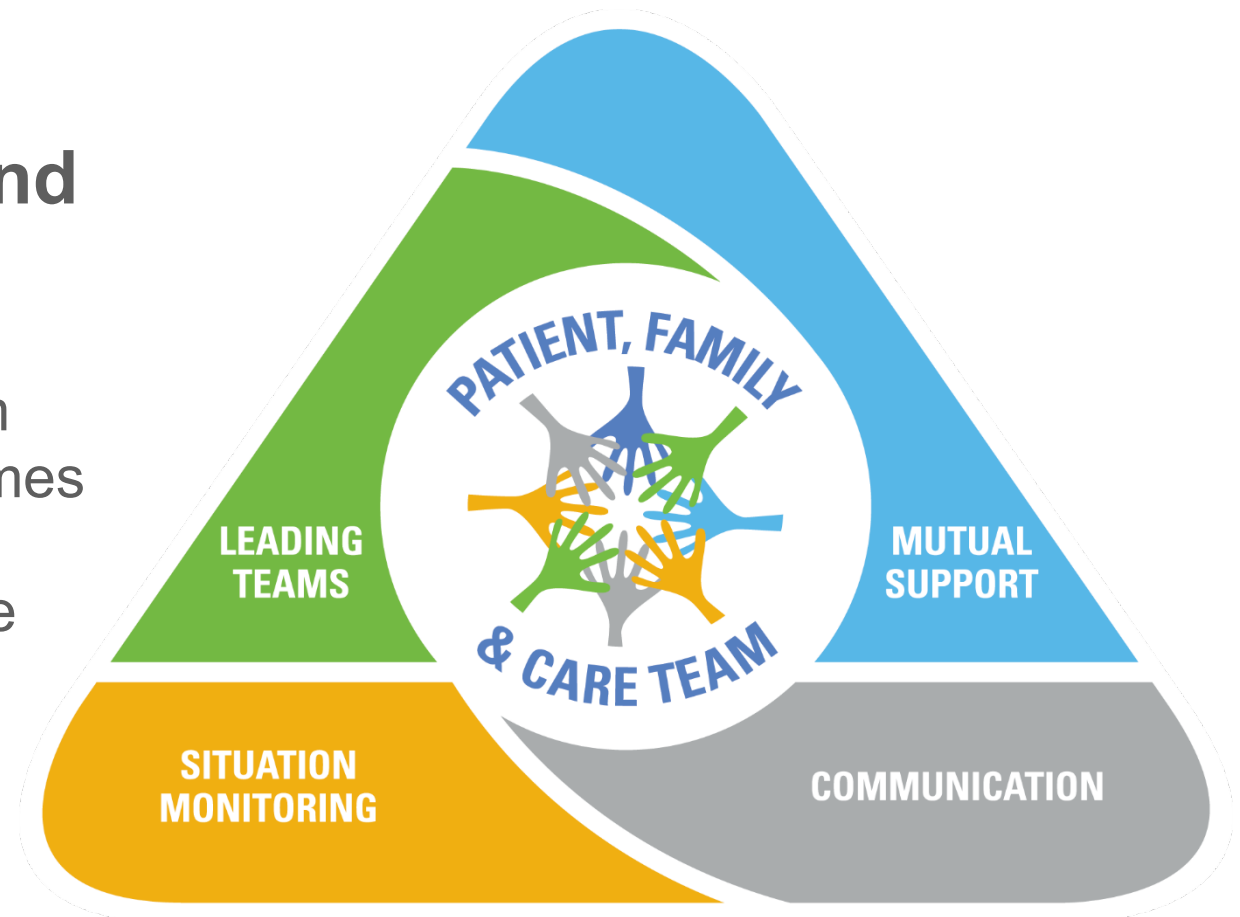

10-15% of health care expenditure is consumed by the direct sequelae of health care-related patient harm

(BMJ 2019)

TeamSTEPPS

Team Strategies and Tools to Enhance Performance and Patient Safety

- Evidence-based teamwork system aimed at optimizing patient outcomes by improving communication and teamwork skills among health care professionals
- Based on more than 30 years of research and evidence

How TeamSTEPPS Supports Broader Initiatives

INITIATIVE	HOW TEAMSTEPPS SUPPORTS IT
Just Culture: An environment that balances accountability with learning, where individuals are not punished for honest mistakes but are held responsible for reckless behavior	<ul style="list-style-type: none">• Encourages open communication and respectful assertion• Provides tools for speaking up without fear and blame
Psychological Safety: A shared belief that it's safe to speak up, take risks, and make mistakes without fear of punishment or humiliation	<ul style="list-style-type: none">• Builds trust through structured team communication• Fosters an environment where all voices are heard and valued
High Reliability Organizations (HROs): An organization that consistently avoids harm in complex, high-risk environments	<ul style="list-style-type: none">• Structures reproducibility through predictable team processes• Decrease the noise through shared, standardized tools• Drives out variation using evidence-based best practices

Evidence That TeamSTEPPS Works

Positive Change in Behaviors

In a multispecialty physician practice that completed TeamSTEPPS training, 80% of leaders reported fewer breakdowns in communication, 90% felt better equipped to manage disagreements and 84% reported that disagreements were handled appropriately.
(AHRQ, 2021)

Process Efficiencies

TeamSTEPPS was associated with improved operating room efficiency, boosting on-time first start rates by 21% and decreasing mean case time by 12.7 minutes.
(Am J. Med Qual, 2016)

Cost Savings

A team-based program integrated behavioral health into every patient visit and saved a hospital system \$13 million per year.
(PXJ, 2022)

Improved Outcomes

TeamSTEPPS was implemented on a Women's Health unit and saw a significant decrease in length of stay and the mortality index.
(Am J Med Qual, 2015)

Increased Patient Satisfaction

After efforts to improve interdepartmental teamwork at a Nashville health system, overall patient experience scores increased from a baseline of 64.41 to 79.71 one year later.
(J Interprof Educ Pract, 2020)

Enhanced Staff Satisfaction

An evaluation of a TeamSTEPPS implementation in an ICU found that teamwork improved and nurses planning to stay increased from 58% to 89% over 2 years' time.
(JNPD, 2020)

AHA Patient Safety Initiative (PSI)

Overview

- The AHA Patient Safety Initiative is a collaborative, data-driven movement that empowers hospitals and health systems to shape the national dialogue on health care safety – amplifying their voices and sharing their stories to drive meaningful change.

Focus areas

- **Culture of safety**

- From board to bedside
- Effective board processes + frontline support for just culture
- PFAC involvement

- **Disparities in health outcomes**
- **Health care workforce safety**
- **Innovation engine**

UNC Medical Center TeamSTEPPS Journey

Cristie Dangerfield, MSN, RN, CNL, CPPS | Patient Safety Officer

Lauren D. Schiff, Professor of OBGYN, Minimally Invasive Gynecologic Surgery | Assoc. CMO for Quality and Safety

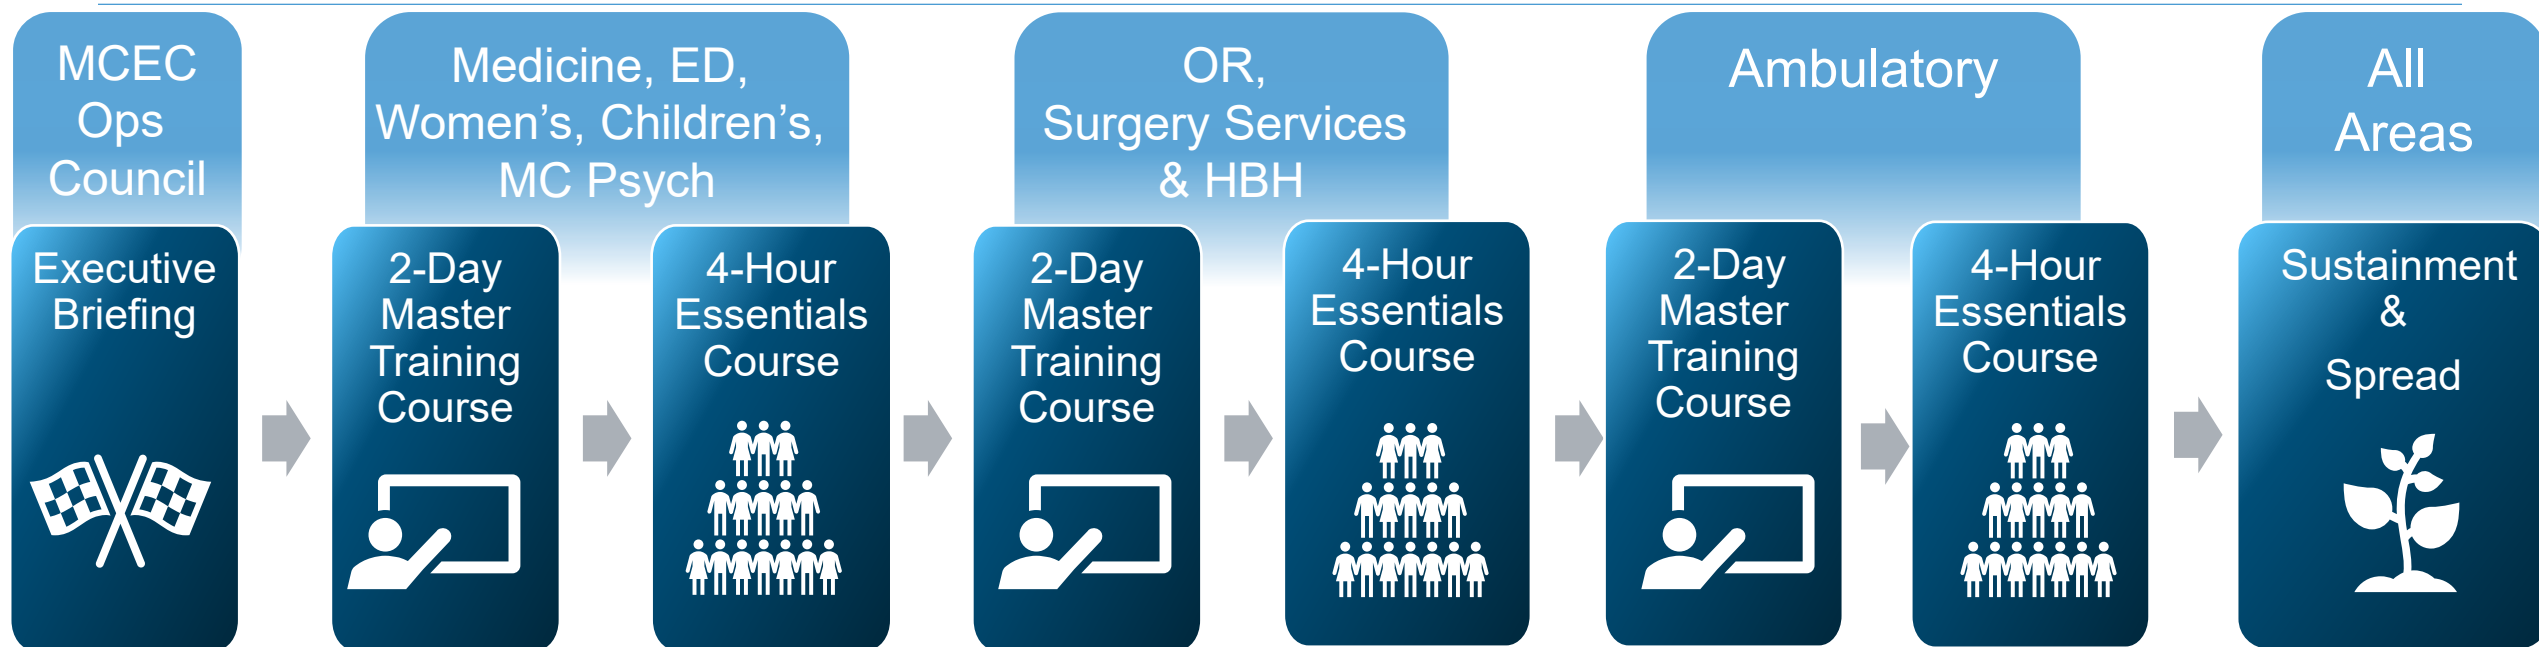

Our UNC Why

Survey Results:

- Lower teammate engagement and work/life balance scores
- High turnover and poor retention rates
- Patient Safety Culture Survey results
 - Handoffs
 - Communication
 - Feeling safe to speak up
- High number of events highlighting *teamwork and collaboration* as contributing factors

TeamSTEPPS Roadmap

AHA Coaching

Executive Buy In

MCEC
Ops
Council

Executive
Briefing

Creating a business case

- Demonstrating the risk if we don't act
- Highlighting the investment of acting
 - Financially
 - Culturally
 - Patient Outcomes
 - External Metrics

Educating the C-Suite

- Executive Debriefing (with AHA)
- Attending the class
 - Demonstrating quality of investment
 - Buy-in to program evangelists

Training Planning and Execution 3Ps

Purpose

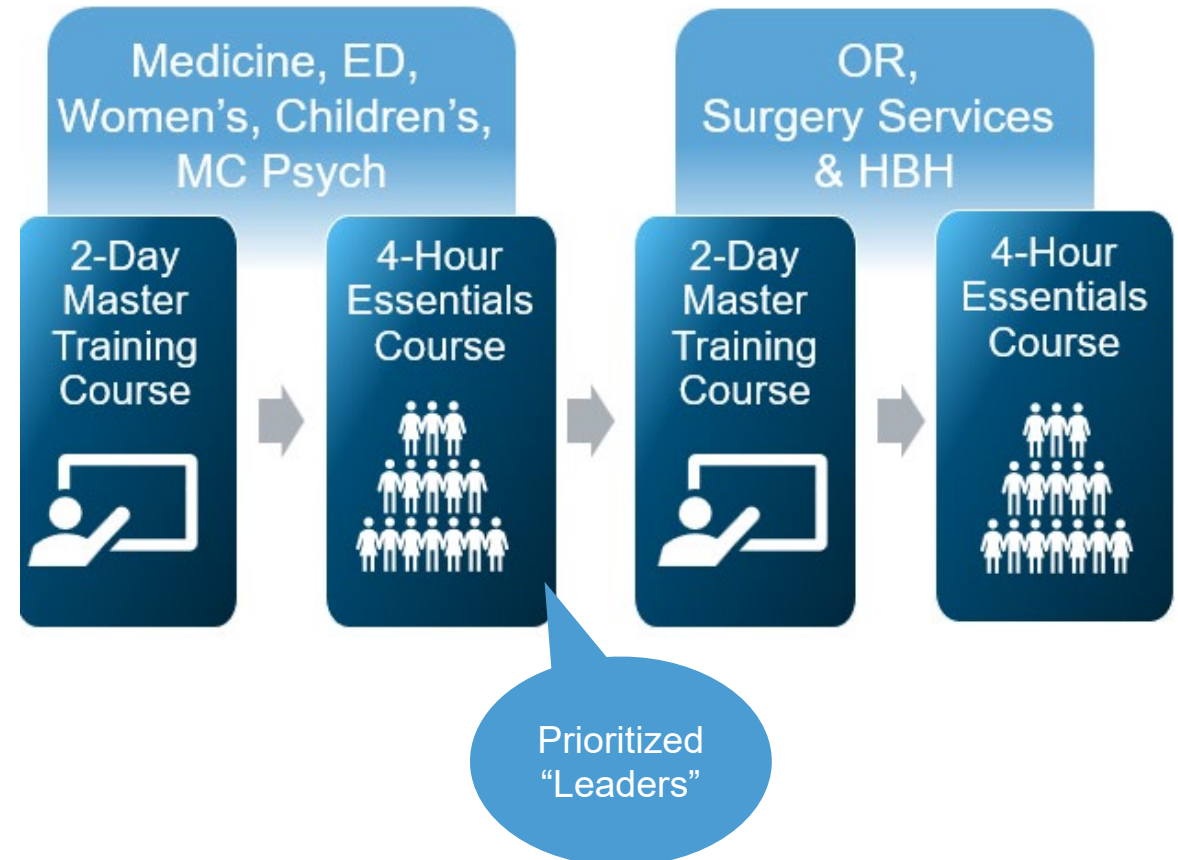

- Sustainability
- Embedded into UNC Culture

Product

- Cohort of Master Trainers
- Training program for current and new employees

People

- Fully trained workforce across all disciplines and departments

TeamSTEPPS Early Wins

"I didn't want to participate in TeamSTEPPS because I thought it was another 'thing' I had to do, but I am so glad I did!"

"Everyone I know that attended training said it was exciting and informative, and others can't wait to sign up."

"Our team is scheduling more debriefs to guide positive discussions, rather than just after something bad happens"

"We have been typing all escalations/emails up in SBAR format to re-enforce the tools and language to the whole department."

"I have asked my team to bring concerns to me using SBAR format."

Early Wins

Patient Relations

- The **situation** was not receiving follow up from people without multiple promptings.
- For **background**, the Patient Relations team has 7 business days according to CMS guidelines to respond to a patient grievance in writing.
- The group **assessed** that SBAR could help close communication gaps and piloted this process with some key team members. After positive feedback, implemented across the department.
- This story was shared multiple times with the **recommendation** of SBAR being an easy place to start a team on an implementation journey.

Sustainment

All
Areas

Sustainment
&
Spread

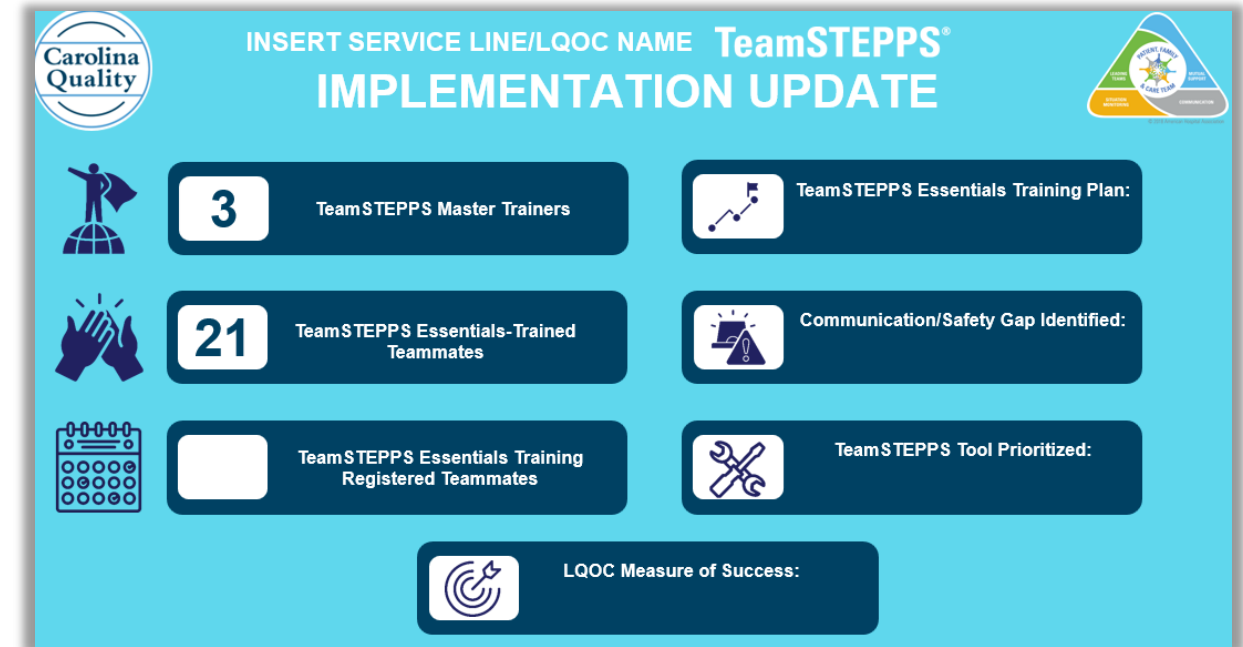

Spread

- Core group of trainers to lead teaching
- Accountability and reporting through quality structure
- Creating training opportunities for everyone
- Training dashboard

Sustainment

- Maintaining enough trainers
- Onboarding plan
- Tool of the month
- Recognition

Key Takeaways

- Be prepared to build the plane while flying it.
- Buy-in from Executive leadership is essential for success.
- Dedicated role to support the effort
- Build in examples for all roles and disciplines.
- Physician buy-in is the greatest challenge.
- The power of story telling.
- People appreciate good food and free parking!

Thank you

NORTHWELL HEALTH

From the Boardroom to the Frontline:
TeamSTEPPS is part of our DNA

August 20, 2025

Our Why

Creating a Culture of Safety, Teamwork and Communication

- ▶ **Enhanced Patient Safety:** TeamSTEPPS reduces clinical errors and improves patient outcomes by fostering a culture of safety.
- ▶ **Operational Efficiency:** It's been linked to better workflow, fewer delays, and even cost savings.
- ▶ **Stronger Team Dynamics:** By emphasizing leadership, mutual support, and situation monitoring, it builds trust and cohesion among team members.
- ▶ **Improved Communication:** It equips teams with structured tools to ensure clear, accurate, and timely information exchange—especially critical in high-stakes environments.
- ▶ **Higher Staff Satisfaction:** Teams trained in TeamSTEPPS report greater job satisfaction, empowerment, and retention.

Culture of Safety Domain Performance 2020 - 2021

Culture of Safety Domains 2022-2023

TEAMSTEPPS IN ACTION

Success Stories in Action:

- Periop/ENDO- Patient Burns
- ED- Left Before to Treatment Complete
- Central Line Associated Blood Stream Infections
- Fall with injury

Utilizing TEAMSTEPPS Language in Action

Perioperative Service Kidney Transplant Patient

- Stop the Line
- CUS

Left Before Treatment Complete
Emergency Department - E.D.
8 of 8 Quarters Outperform

Sustainment

TEAMSTEPPS IS NOT AN INITIATIVE, IT IS FOUNDATIONAL TO ORGANIZATIONAL PRACTICE

- ▶ **Embed TeamSTEPPS into all organizational processes:**
 - new employee orientation (nursing, support staff, physicians and non-clinical staff)
 - simulation for clinical staff
 - competencies, policies and guidelines
- ▶ **Ongoing TeamSTEPPS:** Master Training for new leadership, coaching, refreshers
- ▶ **Redose:** as needed for site teams
- ▶ **Monthly Agenda** item for Unit Meetings with frontline staff
- ▶ **Problem solving** utilizing TeamSTEPPS tools and strategies as targeted interventions
- ▶ **System structure:** with site level ownership

KEY TAKEAWAYS

ADVICE FOR ORGANIZATIONS CONSIDERING THIS WORK

Executive and Physician Leadership Support

Ongoing executive leadership support is essential

Physician partnership is crucial

Ongoing monitoring and coaching of tools and strategies

Standardized Implementation

- Standardize implementation – rapid, systematic, structured

- Cohort units according to a planned implementation sequence

- Interdisciplinary approach to training

Organized Plan for Sustainment

- Infrastructure for implementation and sustainment

- Do NOT dilute TeamSTEPPS training

- (integrate into other trainings, shorten training)

Results

- Enterprise Roll-out and expanded implementation plan to NuVance

- Northwell Outperformance on all 9 domains of the Culture of Safety Cultures

THANK YOU

Upcoming Team Training Events

In-person Master Training Courses – [Registration Open!](#)

- October 6-7 | New Orleans, LA | Tulane
- October 20-21 | New Hyde Park, NY | Northwell
- November 5-6 | Houston, TX | Houston Methodist
- December 4-5 | Los Angeles, CA | UCLA

Virtual Master Training Course – [Registration Open!](#)

- September 25 – November 13 | University of Washington

Virtual TeamSTEPPS Sustainment Workshops – [Registration Open!](#)

- Preparing for TeamSTEPPS Essentials | Sept 24 @ 11:00 am-12:30 pm CT
- The People of a TeamSTEPPS Implementation | Oct 30 @ 11:00 am-12:30 pm CT
- Strategies for Long-Term Sustainability | Nov 10 @ 1:00-2:30 pm CT

Custom TeamSTEPPS Advisory Services at Your Organization

TeamSTEPPS Master Training Course

Using a train-the-trainer model, **we give you the foundational tools** and concepts, and train your staff through this **two-day training** program. You will gain a team of Master Trainers ready to teach others in your organization.

Comprehensive TeamSTEPPS Programs

We help you along the way. After delivery of the two-day Master Training course, we continue to work with your team for **3-6 months**, building the internal capacity to hardwire TeamSTEPPS throughout your organization.
