

Table 2.1: Number of Community Hospitals,<sup>(1)</sup> 1994 – 2014

| Year | All Hospitals | Urban <sup>(2)</sup> | Rural <sup>(2)</sup> | In Health System |
|------|---------------|----------------------|----------------------|------------------|
| 1994 | 5,229         | 2,993                | 2,236                | -                |
| 1995 | 5,194         | 2,958                | 2,236                | -                |
| 1996 | 5,134         | 2,908                | 2,226                | -                |
| 1997 | 5,057         | 2,852                | 2,205                | -                |
| 1998 | 5,015         | 2,816                | 2,199                | -                |
| 1999 | 4,956         | 2,767                | 2,189                | 2,524            |
| 2000 | 4,915         | 2,740                | 2,175                | 2,542            |
| 2001 | 4,908         | 2,742                | 2,166                | 2,580            |
| 2002 | 4,927         | 2,749                | 2,178                | 2,606            |
| 2003 | 4,895         | 2,729                | 2,166                | 2,626            |
| 2004 | 4,919         | 2,916                | 2,003                | 2,668            |
| 2005 | 4,936         | 2,927                | 2,009                | 2,716            |
| 2006 | 4,927         | 2,926                | 2,001                | 2,755            |
| 2007 | 4,897         | 2,900                | 1,997                | 2,730            |
| 2008 | 5,010         | 3,012                | 1,998                | 2,868            |
| 2009 | 5,008         | 3,011                | 1,997                | 2,921            |
| 2010 | 4,985         | 2,998                | 1,987                | 2,941            |
| 2011 | 4,973         | 2,989                | 1,984                | 3,007            |
| 2012 | 4,999         | 3,019                | 1,980                | 3,100            |
| 2013 | 4,974         | 3,003                | 1,971                | 3,144            |
| 2014 | 4,926         | 3,071                | 1,855                | 3,183            |

Source: Analysis of American Hospital Association Annual Survey data, 2014, for community hospitals.

<sup>(1)</sup> All non-federal, short-term general, and specialty hospitals whose facilities and services are available to the public.

<sup>(2)</sup> Data on the number of urban and rural hospitals in 2004 and beyond were collected using coding different from previous years to reflect new Centers for Medicare & Medicaid Services wage area designations.

Data for Charts 2.1 and 2.4
